SOFTWARE ENGINEERING STUDENT

Aspiring Full-Stack Web Developer

Addis Ababa, Ethiopia Email: ivana.yared@aastustudent.edu.et Phone: +251 932430159

GitHub: github.com/ivana623-cpu

PROFESSIONAL SUMMARY

Dedicated third-year Software Engineering student at Addis Ababa Science and Technology University with strong foundations in object-oriented programming, data structures, algorithms, and web development fundamentals. Passionate about building accessible, performant web applications and eager to apply classroom knowledge to real-world software development projects.

EDUCATION

BSc in Software Engineering 2023 – Present
Addis Ababa Science and Technology University (AASTU)

- Relevant Coursework: Internet Programming I, Data Structures & Algorithms, Object Oriented Programming, Fundamentals of Programming, Discrete Mathematics.
- Cumulative Academic Performance: Average standing with good marks across foundational engineering modules.

TECHNICAL & SOFT SKILLS

Languages:	Python, C++, Java, JavaScript (Basic)
Web Technologies:	HTML5, CSS3, DOM Manipulation
Developer Tools:	VS Code, Git, GitHub, Chrome DevTools
Soft Skills:	Communication, Time Management, Problem Solving, Teamwork

ACADEMIC PROJECTS

Personal Portfolio Website 2026

- Designed and authored a fully functional, multi-page HTML portfolio using semantic HTML5 markup.
- Integrated client-side image mapping, customized lists, structured data tables, and relative hyperlink navigation.
- Managed source control and project delivery via GitHub.

Simple Budget Planner 2025

- Developed a budget verification program in Python that checks available user balance against targeted purchases.
- Implemented logical conditional evaluations to determine immediate purchase affordability.

Simple Calculator Tool 2024

- Created a command-line arithmetic calculator in Python capable of handling fundamental mathematical calculations.
